

## Setting up a Friends Fund: In Memoriam Tribute Funds

*A lasting legacy for the countryside. A living tribute for your loved one.*

Traditionally we pay respect to our departed loved ones through a gift of flowers. However, cut flowers never last for long – unlike wildflowers in the countryside, which if cared for can last for generations to come.

Friends of the Peak District works to protect and enhance all the landscapes and countryside of the Peak District.

A donation to Friends of the Peak District in memory of a loved one will help us to protect beautiful countryside including orchids and wild flowers and enhance it for everyone to enjoy now and forever – a gift that blooms and is full of hope for the future.

We are all concerned about our environment, so what better way to be remembered than to help leave a thriving natural world for future generations, so they too can enjoy the wonders of the countryside around us.

If you would like to remember a loved one in this way, please complete the details opposite and return it with your donation to the freepost address given.

If you wish to put a notice in the press, please include 'Donations to Friends of the Peak District and the freepost address given.

Your funeral director can also help with your arrangements by arranging collections for you.

Your gift, however large or small, will make a real difference to our local countryside.

Thank you for thinking about us at this sad time. Please return to:
